

Metrics	Purpose
Listening_time (minutes)	Measure depth of listener engagement
songs_played_per_day	Measure listener activity level and listening frequency
Skip_rate (%)	Measure listener satisfaction with content
ads_listened_per_week	Measure listener exposure to ads and tolerance for ad interruptions
churn_rate	Measure listener retention

Platform-Level KPI's	KPI Definitions
Skip rate (%)	skips / total songs played of overall listeners
Listening time (minutes)	AVG listening time of overall listeners
Songs played per day	AVG songs played per day of overall listeners

Segmented-Level KPI's	KPI Definitions
Skip rate (%)	AVG skip rate of segmented listeners
Listening time (minutes)	AVG listening time of segmented listeners
Songs played per day	AVG songs played per day of segmented listeners

Segment Analysis Assumptions		
Casual Listener >	Recurring Listener >	Retained Listener
Low listening time	Moderate listening time	High listening time
Low songs played per day	Moderate songs played per day day	High songs played per day
High skip rate	Moderate skip rate (lower than casual listeners)	Low skip rate
